The screenshot shows the finanzen.net website interface. At the top, there's a navigation bar with 'finanzen.net' and 'Depot eröffnen'. Below that, a main news banner features an Intel logo and the headline 'Neuer Großaktionär: US-Regierung hält zehn Prozent an Intel - Intel-Aktie zieht an'. To the right, there's a 'Marktübersicht' section with various market indices and their performance. At the bottom of the page, a red box highlights the 'Europas Sicherheit im Fokus' advertisement, which is identical to the one shown in the previous block.
